

North U. is coming to Detroit!

Hosted by Edison Boat Club

Racing Trim
Sat. Feb. 12 &
Sun. Feb. 13

Bicycles. Bobsleds. Sailboats. No matter what you race, to win you've got to be fast. The Racing Trim Seminar teaches techniques that will make your boat handling second nature, and your boat speed second to none!

You'll Learn:

- > **Upwind Trim and Fine Tuning**
- > **Control of Angle of Attack, Depth and Twist**
- > **Helming in all conditions**
- > **Spinnaker Sets, Jibes and Takedowns**
- > **Spinnaker Trim**
- > **Asymmetric Spinnaker Handling**
- > **Asymmetric Spinnaker Trim**
- >> **and much more**

We will go Upwind on Saturday and Downwind on Sunday! With the class, you'll receive the 6th edition TRIM book, covering every facet of racing trim, boat speed, and boat handling. The TRIM CD-ROM is also available. Bring your questions. Leave with answers.

Pricing*: Trim & Cruising

	One Day	Two Day Trim
Skipper (1st Person)	\$135	\$245
Crew (Ea. Addt'l)	\$115	\$205

Add a CD: \$25 Add a Lunch: \$10

Weather for Sailors
Sat. March 12

Prepared jointly by North U., Bill Biewenga, and Commanders Weather, this one day course will teach sailors, cruisers and racers how to gather, understand and interpret weather information so you can create a forecast focused to your sailing.

You'll learn:

- > **Global, continental, regional and local weather patterns**
- > **Understanding and interpreting weather information**
- > **Matching the forecast to your observations**
- >> **and much more...**

With the class, you'll receive the 2nd edition Weather for Sailors Book. The Weather CD-Rom is also available.

Weather Seminar pricing also includes access to our on-line Weather Routing Wizard through June 30, 2005 for participants.

Pricing*: Weather

Skipper (1st Person)	\$175
Crew (Ea. Addt'l)	\$125

Add a CD: \$25 Add a Lunch: \$10

Cruising & Seamanship
Sun. March 13

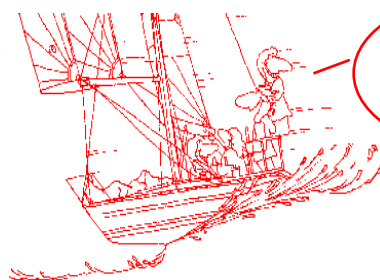

Confident comfortable cruising means sailing well and having the seamanship skills to answer challenges, to prevent problems, and to respond to emergencies if they occur. With the skills and techniques you'll learn at the updated North U. Cruising & Seamanship Seminar, you'll find yourself sailing further, faster, and in greater control.

You'll learn:

- > **Upwind and Downwind Sail Trim**
- > **Heavy Weather Sailing**
- > **Gennaker and Snuffer use**
- > **Heaving To**
- > **Safety and Emergency Procedures**
- > **Anchoring**
- > **Night Cruising Skills**
- >> **and much more...**

With the class, you'll receive the expanded 3rd edition Cruising and Seamanship Workbook, prepared jointly by North U. and John Rousmaniere. The Cruising CD-Rom, now with video, is also available.
