

**AMENDMENT OF SECTION 15.12.12 (b) FINAL  
Roller Furling Genoas and Cruising Roller Reefing Genoa Credits**

**Modification of Rule 15.12.12 (b) 9 second Credit for Cruising Roller Reefing Genoa (CRRG)**

**New owners (to DRYA e.g. not owner of a previously raced boat) of cruising sailboats with a headsail of woven polyester cloth (includes pentex) may apply for this credit and retain it, for a period of two racing seasons in DRYA or until the original headsail is replaced with a new sail made from any material whichever occurs first. Thereafter the sailboat will fall under Sect 15.12.12(a) and the credit will be reduced to that given in Sect 15.12.12 (a) ie. 6 seconds/mile or 3 seconds/mile provided the requirements of that section are met.**

**Current owners that have had a 9 second credit for two racing seasons or purchase a new headsail will automatically be placed in the Sect. 15.12.12 (a) (RFG) with a credit of 6 or 3 seconds/mile provided the requirements of that section are met.**

**Sect.15.12.11 Prop Credits & Cancellation of the Temporary 3 Blade Feathering Prop Credit**

**The 3 second/mile credit for 3 blade feathering props granted on a trial basis is eliminated.**

**All requests for fixed blade prop credits must be accompanied by the manufacturers recommendation for pitch and diameter and a photograph to gain the credit.**

**These amendments were approved by the DRYA Executive Board in their November 2009 meeting and will be effective immediately. Section 15 will be revised to include this amendment.**
