

Detroit Regional Yacht- Racing Association

Annual Application for Fixed Blade Propeller & Mainsail Credits

Yacht Name _____ Design _____ Sail # _____

Roller Furling Mainsail Credit (RFM Credit)

Please provide boat measurement data in feet.

I wish to apply for the roller furling mainsail credit of +6 seconds for the current racing season.

P _____
E _____

To receive this credit, you must comply with the following:

- 1 – The boat uses a working, standard unmodified roller furling mainsail unit
- 2 – Use only mainsails that are cut so as to be capable of being rolled up on the unit at any time
- 3 – The mainsail used with the unit must not have battens
- 4 – The mainsail must be attached to the roller-furling unit.

I have also read and understand the credit rule in Section 15.13.13 in the DRYA Handbook.

Skipper/Owner Signature _____ Date _____

Fixed Blade Propeller Credit

(circle one)

Fixed Propeller Type

I wish to apply for the Fixed Blade Propeller credit for the current racing season.

- ___ 2-Blade Between 6 and 12 seconds
___ 3-Blade Between 9 and 24 seconds

To receive this credit, you must comply with the following:

- 1 – The boat uses a fixed bladed propeller all the time
- 2 – The propeller conforms to dimensions established by the manufacturer for that boat and submit a photograph of the installation.

Feathering 3 Blade Propellor Credit

The 3 second credit for these propellers in 2009 has not been renewed for 2010.

I have also read and understand the credit rule in Section 15.13.11 in the DRYA Handbook.

Skipper/Owner Signature _____ Date _____

Because yacht configurations change and the requirements for receiving credits change, it is necessary to reapply annually for these credits. Roller furling Genoa credits must also be applied for annually if the unit is changed or modified.
