

Please note below for seasons requirements concerning regattas required vs regatta sailed (throwouts).

The number of regattas required to qualify is determined at the Race Chairmen's Spring Meeting. This ratio is recommended by the DRYA Executive Board and voted on by the member club's Race Chairman. To change this ratio requires a vote of the member club's Race Chairman at the Spring Meeting.

The following sheet shows the correct required number. These requirements pertain to all DRYA series; i.e. Spring, Summer, and Season Series.

The same requirements have been in effect from 2007 thru 2009 and are in effect again this year, 2010.

RRS 35 states that the race committee shall abandon the race if no boat finishes within the time limit.

Note: If a race is abandoned, there are no scores (no DNF's, no RC's (race cancelled), no zeros, nothing ; i.e. the race did not happen. Also note that a "race" is not a regatta and that each class is a separate "race".

Notes concerning throwouts:

As in the past a **"DSQ" must be counted** and will not be thrown out.

The scheduled regattas are shown on reverse. In the event one or more regattas are eliminated or added, the following schedule will be used. Individual classes may elect a different schedule of counters and throw outs of the scheduled regattas.

Throwouts are allowed according to the following table with the exception that DSQs cannot be throwout.

Number of regattas in series	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Number of regattas required to qualify	1	2	2	3	4	4	5	6	7	7	8	9	10	10	11
Number of throw outs	0	0	1	1	1	2	2	2	2	3	3	3	3	4	4

The above chart is applicable for all DRYA Regatta Series unless modified by the DRYA Executive Committee and ratified by the DRYA member clubs Race Chairmen at the annual spring Race Chairmen's Meeting.

The preceding supercedes paragraphs 13.4 and 13.7 of the DRYA Handbook (revised 4/17/96).

Paragraph 12.2 (Regatta Scoring) of the DRYA Handbook (revised 4/17/96) is revised, regarding ties, to conform to be as follows:

Regatta Scoring will be Low Point Scoring (Appendix A9). See separate sheet for scoring examples.

Total points for the regatta determines place.

In the event of a tie:

the first tie breaker is: most 1st, most 2nd, most 3rd, etc.

the next tie breaker is total corrected time for the regatta races

the next tie breaker is best position in the last race

Series Scoring will be High-Point Percentage Scoring. See separate sheet for scoring examples. DSQ's must be counted.

Note: High-Point Percentage is the same method DRYA has used for over 20 years for season scoring.

Regatta Requirements for DRYA Classes - 2010

In all instances DSQ's can not be thrown out and must be counted as a required race.

For ALL classes: In the event a regatta or regattas are cancelled, the number required to qualify will be adjusted according to the table below.

For ALL classes, ALL regattas, corrected times will be calculated using TIME ON TIME (TOT). TOT formula is 650/(PHF rating + 557)
